

Stole Cabin But Left Foundation

PARKINSON AND McREADY
BOUND TO CIRCUIT COURT

Claude Parkinson of Grayling and Charles McReady of Bay City are in jail awaiting trial in Circuit court and are charged with the larceny of a summer cabin. They were arrested by Sheriff Bennett last Saturday, the former at Grayling and McReady at Bay City.

Upon demand by Parkinson an examination was held before Justice Petersen Monday. It appears that Attorney Clinton I. LaForge of Ypsilanti, was constructing a home on the South Branch river. It was completed except for the interior finishing and putting on the doors and windows, which was to have been finished this fall. The accused men are charged with having dismantled the structure, except the foundation, selling the materials to one Charles Gunner of Roscommon.

Parkinson does not deny that he had a part in the act, but claims that he did the hauling with his truck for McReady. It was claimed that they received \$40.00 for the lumber and divided the amount between them.

McReady did not demand an examination. Both men are bound over to the January term of Circuit court for trial. McReady says he will plead guilty. Parkinson finished a 30-days sentence about a month ago for game violation.

FORMER RESIDENT BROUGHT HERE FOR BURIAL

The remains of Mrs. Marie Cook, wife of John H. Cook of Detroit, were brought to Grayling Sunday morning for interment. Mrs. Cook, who was 70 years old, passed away at her home Thursday following a lingering illness.

Funeral services were held Sunday afternoon, at the Danish-Lutheran church, many old friends and neighbors attending the last rites. Interment was in Elmwood cemetery.

The Cook family were residents of Grayling for over 25 years, moving to Detroit about ten years ago. Mr. Cook owned and operated the first greenhouse that Grayling had and the family were among the town's highly

Hobo Attacks Dave Montour

IS NOW IN JAIL AWAITING
CIRCUIT COURT

David Montour, well known Michigan Central freight conductor, had an experience Saturday afternoon that might have caused serious physical injury. John Gierko, claimed to be a hobo, of Grand Rapids, was ejected from a freight car and resented it by attacking Montour.

The latter was about to lock the box car and had to ask Gierko to get out. As the latter was leaving the car he struck Montour in the face with a heavy satchel, knocking him down and his assailant then proceeded to beat him up. A black eye and cuts and bruises in the face was the result. Railroad laws prohibit an employee from fighting back, so there was nothing Dave could do but take it until he could get away.

Sheriff Bennett was close by and put Gierko under arrest and now he is charged with "assault with intent to do great bodily harm." If convicted it will doubtless mean prison for him. He was unable to raise the \$1,000 bail required by Justice Petersen.

respected citizens. Mrs. Cook was a loyal and active member of the local church and the various societies connected with it while here. She was a kind and loving wife and mother and her family are deeply grieved over her passing.

Those who survive besides the husband are three daughters and two sons. Mrs. Margaret Green, Mrs. Robert Paulsen, Mrs. Emory Mowbray, Harry and Holger Cook, all of Detroit. The family have the sympathy of many friends in their bereavement.

Mr., Mrs. G. Vallad Married 50 Years

GOLDEN WEDDING CELEBRATED

One of the nicest occasions that has been celebrated in Grayling for some time was the Golden Wedding of Mr. and Mrs. Gilbert Vallad, when they repeated their marriage vows Saturday afternoon at Danebod Hall.

The elderly couple, attended by the groom's sister, Mrs. Joseph Morency, of Grayling, and brother, Will Vallad, of Marion, marched in as the American wedding march was being played by their granddaughter, Miss Mae Randall, of Flint. Rev. L. W. Sturk, of Flint, officiated.

Mrs. Vallad and her attendant looked very nice in similar gowns of dark green silk with lace trim. They carried no flowers since the ceremony followed that of fifty years ago as nearly as possible.

Present at the ceremony were six relatives who had also attended the first one, Will Vallad having been the groomsman at that time.

Following the ceremony, Mr. and Mrs. Vallad and the immediate members of the family enjoyed a lovely dinner which was served by the Danish Ladies Aid in the Danebod dining room, and which was planned and financed by the children of the elderly couple. The dining room was decorated with gold and white streamers which colors were also carried out in the table decorations; each table was decorated with gold crepe paper and flanked with gold candles in silver holders. Covers were laid for 46 members of the family—mostly children and grandchildren. The wedding dinner was made elaborate by a huge and very nicely decorated wedding cake guarded by lighted gold tapers.

In the dining hall, following the dinner, a program was presented by Rev. and Mrs. Sturk and members of the Vallad family. It was very nicely carried out and those who participated deserve a great deal of credit. For it must have taken a great amount of planning and was very well rendered.

The program was as follows: Invocation—Rev. L. W. Sturk

Introduction—Rev. J. R. Thompson
Greeting—Frances Randall
Song—"Silver Haired Daddy"
Rev. and Mrs. Sturk
History—Warren Vallad
Poem—"The Aged Couple"

Rev. and Mrs. Sturk
Benediction—Rev. L. W. Sturk

Mrs. Vallad, who before her marriage was Miss Nina Buck, is now 69 years of age and was born at Genesee, Mich. Mr. Vallad is a native of the State of Ohio and has passed his 74th milestone. At the time of their marriage in 1885, both Mr. and Mrs. Vallad were Maple Forest residents; the Buck family having homesteaded on what has been known ever since as "Buck's hill." They have been Crawford county residents ever since that time, spending many years right here in Grayling but moving here permanently in 1934.

It is needless to say that Mr. and Mrs. Vallad are highly respected, both as citizens of Crawford county and as loyal friends and neighbors. Hosts of friends called at the Hall Saturday afternoon, to extend congratulations. It is hoped that they will live to enjoy many more years of the companionship which has meant so much to both of them during those fifty years of marriage.

Those who attended the festivities were: Will Vallad and daughter, Mrs. Jessie Friend, and husband, of Marion; Robert and Orville Vallad and Mr. and Mrs. Louis Dumont and son, Leslie, of Bath; Mr. and Mrs. Louis Vallad and baby and Mrs. Anna Vallad, of Pontiac; Mr. and Mrs. James Buck and daughter, Betty, of Highland Park; Mr. and Mrs. Albert Harris, of Wayne; Mrs. Nancy Gates, of Fenton; Mr. and Mrs. Seeley Randall and children and Rev. and Mrs. Sturk, of Flint; C. Bert Buck, of Bay City; Mr. and Mrs. Amos Buck, of Houghton Lake; Albert Vallad and Mr. and Mrs.

Archie Howse Sr., of Maple Forest; Rev. and Mrs. James Thompson and son Lloyd, of Applegate; Mr. and Mrs. Warren Vallad, of Kalkaska; Mr. and Mrs. Russell Vallad and daughter Betty Lee, Mrs. Isadore Vallad, Mrs. Joseph Morency and Mrs. Sarah Buck, of Grayling. Mrs. Merette Schmid, of Highland Park, and Harold Buck, of Houghton Lake, were here only for open house.

Legion Jottings

Thursday evening the Drum & Bugle Corps had their regular practice although only half of the fellows turned out. Plans for the trip to Rose City for the Partridge Festival were made at this meeting.

Sunday morning the day for the trip to Rose City turned out to be nice and warm and was an ideal day for a festival, so the boys journeyed to our neighboring city, Rose City, for the Partridge Festival. The cub bear, G. A. L., mascot, was started out in the lead in a truck driven by Comrade John Deckrow, accompanied by Comrade Orel Levan, but owing to a mishap about a mile from Rose City the truck turned over. Neither Johnnie or the bear enjoyed the festival thrills. The accident, however, prevented our Corps from being led by the "Cub Bear." At noon the boys were invited to partake of a delicious banquet, and it goes without saying that it did not take more than one invitation for the gang to accept. About 2:15 p. m. the parade formed at the outskirts of the city and our boys followed the Rose City float which was a key to their city. All along the line of march the boys got a rousing welcome and the compliments they received during their stay there more than repaid them for their efforts in advertising the "Best City in Northern Michigan," our own Grayling. It has always been a pleasure to this musical organization to represent their own community. On the way home the boys stopped at the Eldorado Veterans Camp as a surprise to the boys in camp. We marched through the grounds and played several selections in front of headquarters and received hearty applause. And we were invited to attend their opening when their barracks are completed. At present this outfit is under tentage but buildings are being erected as soon as possible. "This is an ideal spot for the boys and we feel that we would like to have them join us in our Legion as they are all ex-service men and a happy bunch of good fellows."

Monday evening practice was given up for the regular business of the American Legion, which was well attended. Regular practice of the Corps will be held Thursday so everyone turn out.

The following article was clipped from the Mt. Pleasant newspaper in regard to our Corps going to Mt. Pleasant to the Oil & Gas Exposition in that city the week of Sept. 25th:

McClanahan Marchers In Wednesday Gayety

One of the most colorful of the Gas & Oil Exposition's spectacles was McClanahan's Drum & Bugle Corps, who descended on the city thirty strong Wednesday afternoon, from their native haunts in Grayling.

Clad in denim, sporting unique varieties of headgear, and with many-hued shrubberies decorating their respective chins, the boys made the well-known welkin ring as they paraded the business section and enlivened the afternoon program on the Exposition grounds.

During the evening, they had another go at the welkin in various downtown restaurants, playing a program of very familiar American airs and singing ballads in praise of Walter L. McClanahan, prominent oil field operator, who with a party of friends accompanied the boys on the tour. The entire contingent repaired to the Exposition grounds at a late hour, where they staged an impromptu celebration which staved off the usual shutting down program for some time.

They were decidedly a new note in music, entertainment, crooning and supplied an infectious gaiety wherever they appeared.

Judging from the above clipping, the oil and gas interests, together with the public of Mt. Pleasant and surrounding territory, were well pleased with our Corps and we know the boys had a wonderful time.

Boy Scout Doings

The Scouts are working out their plans for the big Halloween party. Thursday and Friday of this week are being used to gather poles from which rustic booths are being built. An autumn scene is to prevail and in the background a model scout camp will be set up. Mellow colored leaves and evergreens will have their place in the decorating of the gym. All in all the party should be a gala event in the lives of all who attend and leave a happier memory of Halloween rather than some of the lurid memories of the past.

Remember, this party is open to school children in costume as well as in ordinary dress. Prizes are being offered for the more original and better make-ups.

An amateur contest is being held and all school children are being urged to compete. Prizes and registration data will be announced at the school and in next week's local paper. Brush up on the tap dancing, clogging, musical instrument playing, singing, or any other act you like to do. You may win a worth while prize.

Remember—someone must pay for all the fun we have. The more destructive the more the cost. Let's be good citizens by having our fun in a less expensive way but yet have more good, clean, honest fun. The taxpayers, our parents, and everyone will appreciate your help in keeping the ever-increasing expense account at a minimum. Come to the Scout Halloween party, Thursday, Oct. 31 at the school gym.

Last meeting night signalling and map construction tests were in order. Last night was devoted to first aid tests and to getting ready for the big party.

Last Friday night saw our biggest turnout of the year. Seventeen scouts attended and a soft ball game was played between the first two patrols during the recreation period. Jack Wright's patrol swamped Bob Welsh's crew but Bob promises revenge. Walter Skingley, handicapped with his arm in a sling, couldn't play but did a first class job of umpiring.

A new project has been undertaken by the scouts. Some of the boys who are handy with tools are constructing a bulletin board for the M. E. church. Churchgoers will have the opportunity of viewing their handiwork next

Sunday at the church.

Watch this column for a detailed program of the Halloween party.

The contrast between the Halloween pranks of several years ago and this time is highly pleasing. The young boys and girls of Grayling have learned that they may have a good time without destroying property or committing unpleasant nuisance. Parents and the school faculty deserve the credit for this improved condition.

Honoring Mrs. Ernest Larson, last Thursday evening a group of 32 ladies met at her home. Progressive pinocle and bridge were enjoyed with prizes going to Mrs. Ellen Carlson, of Roscommon, Mrs. Dan Wurzburg, and Miss Irene McKay. Lunch was served in buffet style. Word was received of the death, Wednesday, of Mrs. Reed, mother of Mrs. John Burke. Mrs. Reed, who was 83 years of age, had made her home with Mrs. Burke for many years and had many friends here and at Fred-

The L.N.L. social meeting was held Wednesday evening at the Berryville Lake club house, the members being the guests of Mrs. Herbert Dodge of Frederic. Emil Giegling, an executive official of the Kerry & Hanson Flooring Co., gave a very interesting story touching upon the high spots in the experience of that organization and of some of his personal experiences. This fine firm, by their alertness and enterprise, have built up a good business and ranks among the best of its kind in the U. S. Shipments of their products reach into almost every section of America and, in former years, into foreign countries, and many prominent structures have floors made from the products of Kerry & Hanson Flooring Co.

O. E. S. CELEBRATES 44TH ANNIVERSARY

Grayling Chapter O. E. S. No. 83 celebrated its 44th anniversary Friday at the Chapter rooms. The anniversary actually falls on the 14th, but the party was held Friday for the convenience of the members.

Cards were enjoyed with tables of pinocle, pedro and 500, with prizes being won by the following members: Pedro, Mrs. Clayton Straehly; pinocle, Harry Souders; and 500, Mrs. Luther Herrick.

After a very enjoyable evening a very nice pot luck lunch was served by the ladies. The anniversary cake which was made and decorated by Mrs. Frank Barnett, was especially nice. It was very large, with decorations in green and pink and its excellent taste signified that Mrs. Barnett knows all there is to know of the culinary art.

There was an unusually large turnout and it was an evening that will be long remembered by the members and their husbands.

Among the Clerks

(By J. Wellington Bumsted)

"Mouse" Hoesli and Ted and Bill Callahan have also caught the pheasant-hunting fever, and, having secured leave of absence from their work for a few days, hied themselves to the region around Flint. I expect they will be treating their co-workers at the garage and filling station to a pheasant dinner some night this week.

Dave Montour of the M.C.R.R. is sporting a very spectacular and also a very wicked looking black eye, donated by a husky hobo. He has the admiration of his co-workers because of his great will power, because of railroad laws, Mr. Montour was unable to defend himself against his assailant. According to the railroaders they realize how terribly hard it must have been for him to keep from giving that hobo fellow the good drubbing which he so much deserved. I can easily see that Mr. Montour could more than hold his own and with that French disposition he should be able to lick his weight in wildcats if occasion demanded it. The said hobo is now reposing in the county jail awaiting the next term of circuit court.

"Boots" LaMotte and Edith Collen spent the week end in the far north; Edith having been a guest of Jack Craig at St. Ignace, and Boots visiting "friends" at Moran, Mich.

Mr. and Mrs. Walter Johnson have finally settled down in an upstairs apartment of the Herluf Sorenson residence.

Many of the folks in one neighborhood have asked who was the weary-looking hunter dragging home a gun Tuesday evening. That, my friends, was J. Wellington Bumsted.

Noticing the great volume of gentlemen purchasers elbowing their way in and out of "Nellie's" I investigated, thinking there might be a special on socks or something, but there wasn't. However, I notice Madonna Cariveau is back again after vacationing at Detroit and Jackson. "Nuff said! The dazzling Madonna dazzles even more than before.

Maybe it's the northern atmosphere—perhaps it's the sturdy Danish constitution—anyway, I notice Carl Hanson is back on the job once more and seems to be quite recovered from his attack of pneumonia.

The Brady sisters—Helen and Ann, are back from visiting at

Jackson. It seems Anne has a special boy friend there—maybe it's Helen—or perhaps it's both of them. Both say they had a very nice vacation.

Dwight Mills is no longer working for the patri. He has secured employment at a jewelry store in Port Huron and by this time should be accustomed to the idea of peering through another's "lorgnette." Mr. Mills accompanied him to Port Huron Thursday.

George Burrows is enjoying a vacation from his meat cleaving duties at the market. I suppose he is doing his "cutting up" in Flint now, as he usually does here.

His nephew, "Mutt" says (avec tears in his eyes) "Here I was all set to go hunting—had my gun all set a month ago—and now I have to wait until uncle George gets back."

Don Reynolds, our electric office manager, and Sammy Gust, who is one of our youngest and more prominent haberdashers, are pursuing the wary pheasant somewhere in the region of Twining. They left early enough so that they could be all set to be in the game country bright and early.

Hallowe'en is just around the corner and the fight is on in earnest. The back alleys and bridges are already congested with mobs of youngsters, with mama's little angels and papa's little demons running neck and neck. Hallowe'en always strikes at least three weeks before that famous day and at least two weeks after. So—the best thing to do is to take the tires off your car, lock it in the garage, and last but not least, surround it with a 15 foot wall of iron with broken glass at the top—then pray!

At one local business place the proprietor miraculously got the best of one young scamp who was well saturated with the Hallowe'en spirit. It seems said proprietor happened to be doing odd jobs about the premises of his shop when, about ten o'clock, he spied a young chap gaily soaping his front windows. In a spirit of fun, the merchant waited in the background until the work was nicely under way before showing himself—very suddenly. What ensued was a nip and tuck race between culprit and shop owner, the race terminating in the region of one of the drug stores. Given the chance of washing the window in lieu of going to the sheriff, the youngster gladly washed the window, gave the correct name to the night watchman when he happened to stop to investigate, and dug out for home. We prophesy that that young fellow will never again soap that same shop window.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos.

RUDY HARRISON WINS BOUT AT ROSE CITY

Rudy Harrison seems to be our most recent and also our most famous pugilist judging from reports of his bout at Rose City Monday evening. Rose City celebrated its annual Partridge festival at that time and as a part of the entertainment several bouts were put on for the enjoyment of the spectators. Rudy's was the final bout of the evening and also one of the most interesting. Matched against one of Rose City's own local boys, R. D. Boddy, he was placed in that embarrassing position of having the other fellow rate nearly all the cheering and applause, which sometimes does a great deal toward helping to win a bout.

However, Rudy did his very best and the match was fought right through to the finish without any knockouts and Rudy given the decision. Local fellows who witnessed the bout say that it was a very good one and everyone seemed to enjoy it very much.

Others from Grayling who attended the bout were Howard Schmidt, Kenneth Gothro and Tony Ricky.

If there hadn't been so much signing on the dotted line in the boom days, there wouldn't be so much signing relief applications now.

Knockouts
The term knockout is generally understood to imply that the fighter has been "knocked out" and is unconscious or unable to get up. Sometimes a fighter gets into such a condition from repeated blows that he is practically unconscious while still on his feet. When this occurs it is very easy to render him entirely unconscious. In these circumstances a fighter is so little able to defend himself that a blow would perhaps cause severe injury. When such a condition comes about the fight is generally ended by the referee or the judge, or both, declaring a technical knockout.

"Little Stories for Bedtime" by Thornton W. Burgess

LIGHTFOOT BECOMES UNCERTAIN

LIGHTFOOT the Deer traveled on through the Green Forest straight ahead in the direction from which the Merry Little Breezes were blowing. Every few steps he would raise his delicate nose and test all the scents that the Merry Little Breezes were bringing. As long as he kept the Merry Little Breezes blowing in his face he could be sure whether or not there was danger ahead of him. You see, the Merry Little Breezes delight in carrying all sorts of scents, and Lightfoot's nose is so wonderful that even though those scents be very very faint he can catch them and tell just what they are.

Every Once in a While He Would Stop in a Thicket of Young Trees.

Lightfoot uses his nose very much as you and I use our eyes. It tells him the things he wants to know. He knew that Reddy Fox had been along ahead of him although he didn't get so much as a glimpse of Reddy's red coat, once he caught just the faintest of scents which caused him to stop abruptly and test the air more carefully than

ever. It was the scent of Buster Bear. It was so very faint that Lightfoot knew Buster was not near so he went about again, but even more carefully than before. After a little he couldn't smell Buster at all so he knew then that Buster had simply passed that way going to some other part of the Green Forest.

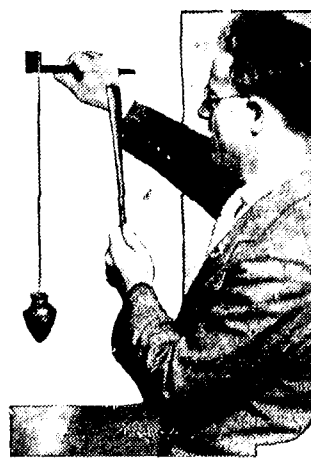

So Lightfoot knew that he had nothing to fear in that direction so long as the Merry Little Breezes brought him none of the dreaded man scent, and he knew that he could trust the Merry Little Breezes to bring him that scent if there should be a man anywhere in that direction. The Merry Little Breezes are Lightfoot's best friends. But Lightfoot didn't want to keep going in that direction all day. It would take him far away from that part of the Green Forest with which he was familiar and which he called home. It might in time take him out of the Green Forest, and that wouldn't do at all. So after a while Lightfoot became uncertain. He didn't know just what to do. You see, he couldn't tell whether or not that lumber with the terrible growl was still following him.

Every once in a while he would stop in a thicket of young trees or behind a tangle of fallen trees uprooted by the wind. There he would stand facing the direction from which he had come and watch and listen for some sign that the hunter was still following. But after a few minutes of this he would grow uneasy and then bound away in the direction from which the Merry Little Breezes were blowing so as to be sure of not running into danger.

"If only I could know if that hunter is still following I would know better what to do," thought Lightfoot. "I've got to find out."

BURNING LEAVES

By ANNE CAMPBELL

IT SEEMS as if the whole lost summer grieves When we are burning leaves, So melancholy is the smoky scent Of this fall sacrament. It was a few short weeks ago they hung

In lively green, and flung Their shade upon the heedless passersby, And challenged the blue sky.

Now in a wooden basket, drab and brown, They are pulled down; They who in such high place were shimmering

Since early spring. There is in burning leaves a sense of loss, As in we toss The match, and watch them perish in a breath. . . .

This, then, is Death! Copyright—WNU Service.

Hat and halter to match is a new fashion whim. This hat is made of suede cloth in shimmering green with a rust colored bandeau and sash. The long tassels are dark green.

The Clever Ostrich

The ostrich has a clever plan of camouflaging itself. The natural home of the ostrich is the boulder-strewn veld. When in danger of capture, the bird sinks down and huddles itself up. With its smoke-gray feathers—their natural color before they are treated for export—the ostrich so closely resembles the many surrounding boulders that careful search is necessary to pick it out.

Question Box By ED WYNN The Perfect Fool

Dear Mr. Wynn:

I am a woman forty-three years of age and the only offer of marriage I have ever had was last night. I met a fellow at a party and he was drunk. He proposed marriage to me. He seems all right but I told him to sober up and then ask me to marry him. Did I do right?

Sincerely,
I. M. HOMELEY.

Answer: Yes and no. He may not want you when he's sober.

Dear Mr. Wynn:

Some time ago I wrote you for an answer for the following example: "If coal is \$10 a ton how many tons would I get for \$50?" Your answer said I would get four tons. Why did you say that, when it isn't right?

Yours truly,
CON SUE MER.

Answer: You asked me if coal was \$10 a ton and you gave the coal man \$50 how many tons would you get? I said you'd get four tons. I know it isn't right, BUT that's what you'd get.

Dear Mr. Wynn:

I am interested in the "Little Theatre Movement." I have interested some rich men and they are building a very old theater. There will be no rows of seats, only boxes. In other words every person who comes to see our plays will be in a box. Can you suggest a fitting name for our odd theater?

Truly yours,
OPPER E. HOUSE.

Answer: As the "Little Theatre Movement" is popular, and as you have no rows of seats, and as you will probably do a big business, and pack the boxes, why not call it "The Sardine"?

Dear Mr. Wynn:

My wife fights with me all the time because I won't get my hair cut. I claim it looks good, but she says it is too long. Do you think I should have it cut short?

Yours truly,
BOB BURR.

Answer: The only trouble with a man having his hair cut short is that he is often mistaken for his wife.

Dear Mr. Wynn:

I am a cook in a private home. There are no marks on the faucets in the kitchen to show the hot water and cold water. I have scalded my fingers nearly every day. What can I do to prevent this from happening?

Yours truly,
I. M. DUMB.

Answer: Just feel the water first. © Associated Newspapers.—WNU Service.

They all report a wonderful time, declaring that Canada never was more beautiful than it is at this time of the year. Corn husking time is here and the corn in Canada far exceeds that which is grown in Michigan. They also said that grape vineyards stretch for miles in the distance with each vine heavily laden with fruit. Evidently we are missing a great deal by missing the Canadian harvest season.

Illinois People Say Their Health Troubles Vanished Months Ago

Illinois Residents Describe How They Got Complete Relief From Old, Stubborn Ailments That Had Hung On For Years. They Say Their Afflictions Never Returned.

New Mixture of Extracts From Nature's Plants, Called Indo-Vin, Astounds Druggists All Over This Section.

The real test of any medicine is what it will do in cases of long-time suffering. That is why the new, scientific mixture of Natural plant extracts, known as Indo-Vin, continues to increase in SALES and DEMAND. In fact, this remarkable compound has now become the SENSATION of the DRUG WORLD of this entire section and leading druggists are amazed at the demand and say that nothing like it has ever been seen here before.

Why Its Benefits Are So Lasting! Following is a truthful account telling what Indo-Vin will do for you. This account is substantiated by the signed statements of hundreds of widely-known men and women, who have publicly endorsed this new, natural medicine and urged ALL WHO suffer to get it and take it. This truthful account reads as follows:

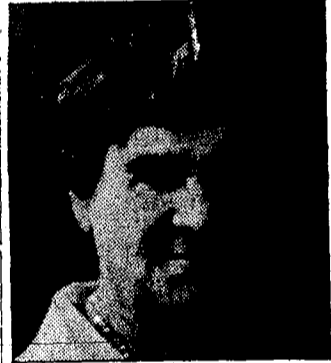

Indo-Vin will cleanse your bowels (gradually—not drastic or severe) as they were NEVER CLEANSSED BEFORE, bringing out impurities that may have been the cause of headaches, dizzy spells and lazy, tired feeling.

IT WILL act as a diuretic to sluggish kidneys and flush out quantities of impurity that may have become dammed up inside, causing SHARP PAINS and RISING AT NIGHT.

IT WILL make your liver more active; will work the old bile from the liver as black as ink, thus relieving spells of biliousness.

In many cases Indo-Vin changes one's entire appearance; it will build you up in general and make you LOOK, ACT and FEEL like a DIFFERENT MAN OR WOMAN, years younger than your real age. For instance, following are JUST A FEW testimonials, from among the HUNDREDS that are being received from this vicinity, praising Indo-Vin, describing its action and urging sufferers to get it and take it. Read these statements:

Free of Kidney Misery 6 Months! MRS. HELENA DUFRAYN, of 423 Sixth Ave., Peoria, Ill., says: (Photo appears above) "You don't know what a wonderful relief it is to be free of that awful kidney misery. I haven't been bothered with that awful agony for over six months, since I took

MRS. HELENA DUFRAYN

Indo-Vin that long ago. My kidneys used to keep me in CONSTANT misery. In fact, I was so stiff and sore in my back, when I got up in the mornings, that I could hardly walk. I had to keep rising, with my kidneys all night long, which broke up my sleep and rest. Nothing helped me, until I got Indo-Vin, and it has done me more good than everything else PUT TOGETHER. It worked all the misery and soreness from my back, and completely freed me of the pain and torture. I never have to get up at night on account of my kidneys any more. I urge everyone who suffers to get this medicine and take it."

Awful Stomach Agony Relieved Months Ago!

MR. WILLIAM LANE, of 1302 N. Champaign St., Champaign, Ill., says: "For over SIX MONTHS now I have been free of stomach distress and it has not come back on me since I took Indo-Vin that long ago. My meals used to sour in my stomach and bloat me up with so much gas that I thought my insides were going to burst. The stomach gas would press on my heart and put me in so much pain with my chest that I would get dizzy all over and I kept having terrible sick headaches due to the awful condition of my stomach. I tried medicine after medicine and none of them ever reached my trouble at all, but finally I found Indo-Vin and it proved to be what I HAD ALWAYS NEEDED. The awful gas misery is gone now and I don't have the pains in my chest or around my heart, and the dizzy spells don't come over me. The headaches have vanished. This medicine has almost changed me into a NEW PERSON and I want to endorse it to everyone who suffers."

Indo-Vin is now being introduced to the public daily here in Grayling at the Mac & Gidley Rexall drug store, and sold by all leading druggists in every town throughout this whole section.

has some new books—two short story books for Junior students; One set of Harford's Classics and a new set of national encyclopedias which were needed very much.

A request is made by Miss Peeke, who is in charge of the library, that anyone who has borrowed books from the high school library to please return them.

Lab Tabs

Late additions to the collection of interesting things that find their way into the lab include a small turtle, some samples of quartz or ore from which gold is extracted, and a carrot that took the peculiar shape of a would-be dinosaur. The quartz bears a small amount of gold and is termed by some perhaps as "Fools Gold."

Students returning from the brief vacation due to teachers' institute will find the lab tables shining with a new coat of badly needed varnish. The plant boxes will be put back in their places and new ones for experimental purposes will be added. Additional shelves will be added to the laboratory storage closets in order that expensive equipment may be better cared for besides giving the lab a neater looking appearance. Some of the boys are filling in their spare time helping do this work and the only expense incurred will be for the lumber from which to build the shelves.
